

Rapid cooling

HAR Garmi Ka **Cooler**

Smart Humidity Controller

ABOUT US

We are an esteemed and renowned manufacturing company and serving in all the sector of Industry having more 33 years of experience, Reeco Tyos India Pvt. Ltd. aims to develop products which set the new industry standards and to the leading brand. The company's main priority is to provide luxurious and enjoyable living standards accompanied with comfort and safety within each and every place to meet the modern life-style demands. That is also why Reeco invests heavily on research and development. Reeco Coolers and Fans are having perfect balance of high air circulation & low power consumption. Reeco air Coolers & Fans are available in a very innovative colors scheme and are designed to with stand the extreme Indian hot weather and are most suitable for Indian Homes. Reeco products are available national-wide through a network of distributors and dealers. We assure you about all types of services assistance, answer questions & resolve issues.

Economic Mode

Economic mode feature optimally saves water and efficiently consumer power.

Turbo Air Throw

Large fan size delivers powerful air throw to cool large spaces.

Honeycomb Cooling Pads

More durable than conventional cooling pads. It provides uniforms cooling without letting dirt and sediments to get deposited.

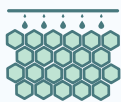

Works on Inverter

Consumes less electricity and Works on home inverster.

Motor with Thermal overload

Designed to protect the motor from damage in the event of short circuit, over-loading or overheating.

Pre Soaking

Pre-cools the honeycomb pads before starting the fan, releasing cool and fresh air.

Mosquito Resistant

Protects from mosquito borne diseases by resisting mosquito breeding and keeping them away

8 Hours Timer

Give you uninterrupted sleep without having to switch the cooler on and off.

Diamond

- Voltage - 230V, 50hz AC
- Input Power 300 Watt
- RPM - 1400
- Cooling Area - 600 Sq. Ft. Approx
- Caster Wheel 3"

1 Side Honeycomb Pads, 75mm

Energy Saver

Large Tank Capacity 110L

3 Speed Control

4 Leaf Specialized Aluminum Blade

H Frame Motor
